The Great Debate Part II: Should Managed Care Rely on Cost Sharing to Manage Big-ticket Biologics?

This supplement to *The American Journal of Managed Care* is based partly on a moderated session held at the annual meeting of the Academy of Managed Care Pharmacy, October 7, 2005, in Nashville, Tennessee. This supplement has been prepared with writing and editorial services of the The Zitter Group. It has been peer reviewed by an expert in the field.

Disclosure of Unlabeled Use:

This educational activity may contain discussion of published and/or investigational uses of agents that are not indicated by the US Food and Drug Administration. The University of Utah College of Pharmacy and the University of Utah School of Medicine do not recommend the use of any agent outside of the labeled indications.

The opinions expressed in the educational activity are those of the faculty and do not necessarily represent the views of the University of Utah College of Pharmacy or the University of Utah School of Medicine. Please refer to the official prescribing information for each product for discussion of approved indications, contraindications, and warnings.

Disclaimer:

Participants have an implied responsibility to use the newly acquired information to enhance patient outcomes and their own professional development. The information presented in this activity is not meant to serve as a guideline for patient management. Any procedures, medications, or other courses of diagnosis or treatment discussed or suggested in this activity should not be used by clinicians without evaluation of their patients' conditions and possible contraindications on dangers in use, review of any applicable manufacturer's product information, and comparison with recommendations of other authorities.

Americans with Disabilities Act (ADA): The University of Utah College of Pharmacy and the University of Utah School of Medicine complies with the ADA by providing qualified individuals with disabilities access to University programs, services, and activities. A request for accommodation can be made by calling (801) 483-3039. Reasonable prior notice is required.
