

Seema S. Sonnad Emerging Leader in Managed Care Research Award

The American Journal of Managed Care's Seema S. Sonnad Emerging Leader in Managed Care Research Award was established to recognize an individual whose early achievements in managed care demonstrate the potential for making an exceptional long-term contribution as a leader in the field.

To commemorate Dr Sonnad's exemplary leadership and the valuable mentoring she provided to her fellows and trainees, *AJMC* has dedicated this award in her honor. Her countless contributions will continue to impact healthcare through her research, her many collaborations, and the generation of investigators she helped to train.
